Our school is a small private Catholic school that welcomes children from 3 to 6 years old and offers them a bilingual education. It is accredited by the Luxembourgish Ministry of National Education, Children and Youth.

A PRIVILEGED PLACE: NATURE IN THE CITY

Ideally located in a residential neighbourhood of Luxembourg City, the Vallée de la Pétrusse, it offers a privileged setting as well as a convenient access.

Its proximity to the Pétrusse Parks, together with the school's garden, offers a natural playground that allows us multiple outdoor activities. Beneficial to the child's well-being, nature is also an ideal playground for discovery, the acquisition of autonomy and self-confidence.

OUR PEDAGOGY

We adhere to the European "Early Education" programme.

Our aim is to develop the learning potential and abilities of children by building on their curiosity and creativity all throughout a serene and joyful atmosphere.

Concretely, learning is achieved through rituals and the use of different media and materials (albums, creative workshops, games, nature, cooking,...). The child's five senses are solicited and the acquisition of skills is based on experimentation.

By celebrating religious and civil traditions and celebrations we contribute to imbue the roots of our children with their own intercultural context.
