

WE ARE

- We are European citizens.
- The citizen's committee is composed by nationals from France, Italy, Germany, Spain, United Kingdom, Hungary and Poland.

ONE OF US IS

- A European citizens' initiative to protect the human life from conception.
- A European citizens' initiative is a new instrument of participative democracy for the European citizens.
- "One of Us" is one of the first registered ECIs in the European Union.
- "One of Us" is built upon wide support of EU countries, churches, politicians, MEPs and civil society leaders that are committed to support the initiative in various ways.

"ONE OF US" REQUESTS THE EU THE PROTECTION OF THE DIGNITY, THE RIGHT OF LIFE AND THE INTEGRITY OF EVERY HUMAN BEING FROM IT'S CONCEPTION IN THE AREAS OF EU COMPETENCE IN WHICH SUCH PROTECTION IS OF PARTICULAR IMPORTANCE

OBJECTIVES

- Our goal is to greatly improve the protection of human life from conception in Europe, within the possibilities of the competency of the EU.
- "One of Us" asks the EU to end the financing of activities which presuppose the destruction of human embryos, in particular in the areas of research, development aid and public health.
- The European Union has financed the research on human embryos with more than € 24 million in 2011.
- To achieve our objectives we need your help to reach the number of 1.000.000 signatures from all the citizens of the EU by 1st of November 2013.
