

Ireland was personally chosen by Pope Francis to host the next World Meeting of Families in 2018. The land from which so many missionaries set forth to bring the light of Christianity to every corner of the world now invites families and individuals from every part of the world to come to Ireland and join us for this amazing event.

The WMOF2018 is more than a once-off event, but rather as a graced opportunity, a process by which we can celebrate and explore further the riches of the Church's "Gospel of the Family". This is why we have developed a programme of catechesis/faith education to prepare for the event, which draws largely from the Apostolic Exhortation *Amoris Laetitia* (The Joy of Love), published by Pope Francis on Love in the Family. The "Amoris: Let's Talk About Family" Programme is an interactive multimedia catechetical platform of resources available through our website, as well as a dedicated app in due course. We hope that this programme will be used by many families, individuals and groups, local Churches and across the world.
