

In rural Tanzania, IOP- the Ilula Orphan Program- has worked since 1998 to improve the lives of the most vulnerable children and young people. Due to the Coronavirus, much of this work has had to be suspended; schools are closed, volunteering and building works have ceased - IOP has a far reaching, positive effect on many communities, in what is already an extremely impoverished region.

### **Please help us to protect and sustain them all through this crisis**

#### **20€ will**

**Provide facemasks, soap and detergents to families in need**

**Provide locally made tip taps to those without running water, enabling easier handwashing**

#### **50€ will**

**Provide nutrition and food support to the most vulnerable orphans and families**

**Educate local communities using IOP teachers, about the virus and its prevention**

#### **200€ will**

**Sustain employment by supporting the salaries of IOP employees, including teachers and staff at IOP schools, at the volunteer centre and at the IOP centre (orphanage)**

**- Thank you - Asante - Merci -**

**IOP-LUX asbl: LU27 0019 3955 9582 3000**

**Reference: IOP Covid Support**

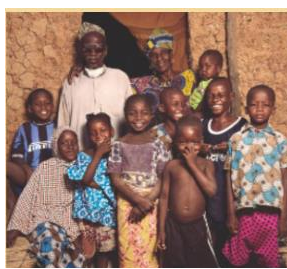

IOP-LUX is a registered NGO with the Luxembourg government - all donations are tax-deductible

A local hospital – good healthcare facilities are extremely lacking in the area

A simple tip tap – an installation at every home will help with hygiene

A foster family -they are amongst those needing help with food during times of crisis

IOP teachers at Sunflower school - their salaries are amongst those needing support. Some will educate local communities about virus prevention
