## Healing of Memories Luxembourg

As with the Institute for Healing of Memories in South Africa, the mission of our organisation is to accompany individuals who bear the physical, psychological or emotional wounds of a painful past on the path towards healing and renewed wholeness. By facilitating individual healing, we seek to contribute to collective healing in Luxembourg and elsewhere.

### *Where the light enters ...*

Special screening of the documentary

**'The Wound is Where the Light Enters'**

followed by a livestream Q&A session with the film director, **Dheeraj Akolkar**

***The Wound is Where the Light Enters*** is the story of 15 children born in the LRA and Kormojong conflicts in northern Uganda coming together to create a performance based on their memories, the process of which allows them to take a few steps on the path to individual and collective healing.

The film has been produced by Vardo Films (UK) in partnership with The Alpha Group (Austria), The University of Birmingham (UK), The University of Leipzig (Germany) and Facilitation for Peace and Development, FAPAD (Uganda).

**The film will be shown in original EN version with English subtitles**

Admission free. **All donations welcome** for GRACE INTERNATIONAL, (<https://www.graceinternational.uk/>), a UK-based charity working in support of children born of war, and their families and communities in northern Uganda and other parts of the world.
