LËT'Z STAND UP FOR LIFE

THE CONSTITUTION BELONGS TO ALL OF US

Why raise your voice? Because:

- A controversial issue like abortion has no place in the Constitution. Our fundamental law must unite, not divide.
- We demand constitutional protection of the most vulnerable. That means the right to life for the unborn.
- Every woman facing a pregnancy-related crisis deserves real care: guidance, material assistance and psychological support
- We stand for freedom of conscience. In a pluralistic society, no one should be forced to act against their deeply held convictions.

Stand up for life, dignity, solidarity and freedom – come and join the protest: **30.05.2026 at 3pm in Luxembourg City**
